

NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

You probably noticed in last week's paper that the Hamlin School Board has adopted a number of policies that concern student conduct in the schools. These are similar to the ones being adopted by schools all across the state.

These policies were set by the board not so much because of any problems here but mainly because of court rulings. It seems that unless the board has a set policy concerning dress codes, disruptive acts by students and other such matters the courts will not back the schools if the students take the case to court.

Without a set policy by the board it becomes a matter of opinion on the part of the school administrators and therefore the courts have ruled against the school. But when there is a firm policy established by the board then the courts have ruled that the schools have almost unlimited powers to maintain an orderly atmosphere for learning.

The matter of dress codes have created problems all across the state--the closest one around here has been the recent problem in Abilene over such a code. Here again it is because of the stand taken by the courts that such a code is necessary.

At the present time the Hamlin schools do not have a firm dress code but have the matter under discussion. Of all of the policies, this one is the hardest to establish.

While it must take into consideration the current trends in fashion it must at the same time spell out the requirements plain enough that they will stand up in court.

It would be much better if just plain common sense could prevail in such matters but it seems that there are always a few who delight in fighting authority and it is these few that bring on rules that affect everyone.

We are sure that in the near future the local board will have to pass a dress code and we only hope that it is one that causes the least amount of problem but still maintains good taste. We would suggest that it would be best for all concerned if the code does not go any farther backward from the current dress trends at school than necessary. For this is where the problems will come from as students are forced to quit wearing styles that have been acceptable in the past.

If it becomes necessary to have a dress code we hope that both sides will have the good sense to approach the problem with reason.

The following little squib is making the rounds of West Texas and lists the ten requirements for cattle ranching:

1. A generous banker.
2. Wide brimmed hat and tight jeans.
3. Pickup with gun rack to hold hotshot.
4. Goose-neck trailer, small enough to park in front of cafe.
5. Two dogs riding in pickup.
6. Spool of bob wire and some fence posts in pickup.
7. A few cows.
8. A bottom land pasture.
9. Pocket knife for whittling at auction barn.
10. A good paying, steady job in town (also it is helpful if wife has a job).

While all ten are recommended, the first and last are essential to cattle ranching.

Elsewhere in this issue is a picture of this editor on his 40th birthday. As editor we probably could have kept this picture out but if you don't learn anything else in 40 years you at least are supposed to learn that there are some battles better not fought.

Ex-Students Name Cotton Producers Institute Queen Nominees To Host Stamford Meeting

Four Hamlin High School ex-students have been selected by the executive board of the Ex-student Association to vie for the honor of Ex-student Homecoming Queen during the annual event to be staged here Oct. 30-31.

Queen nominees are Mrs. Robert Johnson, the former Myrtis Wilkerson, of the class of 1911; Miss Buna Rountree, Class of 1926; Mrs. Ken Prewitt, the former Rebecca Ann Ferguson, of the Class of 1960 and Mrs. David Wade, the former Janice Ueckert, of the Class of 1961.

Mrs. Kenneth Riddle will be the Ex-student Queen nominee hostess.

In making plans the organization president, Raymond Scifres, reminds that Mrs. Valeta Hartley is to be notified on address changes of ex-students.

Parents of children who wish to participate in the parade as Little Pipers should contact Mrs. Bobby Kiser.

Businesses, clubs or individuals who will be entering a float or other entry should contact parade chairman Jerry Smith.

Cotton Producers Institute (CPI) will report to Rolling Plains area farmers on current progress in market development for cotton at a meeting Thursday, October 1, 1970, in Stamford, at the High School Auditorium and Cafeteria.

The meeting will begin at 6:30 p.m. with a barbeque dinner and conclude with a business session. According to Charles Stenholm, Trustee from the Rolling Plains area and one of 12 trustees who represent the State of Texas in CPI, "The purpose of the meeting is to bring a report to the 'stockholders' of CPI on just what we are doing with the farmer's \$1 a bale. It is no secret to anyone that the fiber and textile business has gone through a period of drastic and rapid changes during the 60's." "Every farmer has seen some of the results on his own farm." Most of the changes have not been good for farmers and pessimism has become the prevalent mood for cotton.

"A fresh approach has been needed and now CPI has

something new to offer and we want to show it to the people who have made it possible. We must build optimism back into cotton and I believe that we are finally on the right track" continued Stenholm.

We would like to have every farmer attend this meeting and see for himself. All that we ask is that you notify either: Charles Stenholm, Box 1147, Stamford, Texas, 915-773-3684 or 915-773-5238 or Billy Hallman, National Cotton Council Field Rep., Box 47, Roscoe, Texas, 913-766-2209, of your intentions as early as possible, by Thursday noon at the latest. Earlier notification is preferred so that we may know how many to prepare dinner for. Make plans to attend.

Junior High Teams Win Doubleheader From Haskell Tues.

The Hamlin seventh and eighth grade teams kept their records clean as they swept two wins from Haskell Tuesday evening in games played in Haskell. The seventh grade opened the doubleheader with a 14-6 win and the eighth grade followed them up with 36-14 win.

Leading the eighth grade scoring was tailback Johnny Jones with four touchdowns, one coming on a pass from quarterback Tracy Rowland and Johnny Lee scored the other Hamlin touchdown with Rowland passing to Jerry Don Johnson for two points. Luke Reynolds ran in two conversions.

Gary Don Mayes did all of the scoring for the seventh grade with two touchdowns and one conversion.

Tuesday evening the two teams will host Anson here with the games to start at 5:30 and 7 p.m.

VFW, Auxiliary To Hold Convention

Stamford -- Veterans of Foreign Wars and Ladies Auxiliary delegates from a 13 county area will convene in Stamford the weekend of October 3-4 for the fall convention of District 8, Department of Texas.

Billie L. Dorris of Austin, Texas, Adjutant - Quartermaster of the Department of Texas will be the principal speaker at the semi-annual meeting which will be held at the quarters of Stamford Memorial Post 9179.

A. D. Payne, District Commander of Abilene will preside during main sessions of the convention, and Mrs. A. D. Payne, district auxiliary president will conduct separate meetings of that group.

Freshmen Swamp Rotan Jr. Varsity Thursday, 40-12

The Hamlin Freshmen rolled over the Rotan Junior Varsity Thursday evening, 40-12, in a game played in Rotan.

Scoring for Hamlin were David Willis, 12 points; Bill Cork, 12 points; Joe Mayes, six points; Kenneth King, six points; a King pass to Jim Johnson, two points; and a Steve Mackey pass to Willie Hooper, two points.

The freshmen will play the Class B Rochester varsity tonight, Thursday, in Rochester at 8.

Pipers to Meet Coahoma Friday

A greatly improved band of Pied Pipers will return home this week to host the Coahoma Bulldogs in Piper Stadium with the kickoff set for 8 p.m. Last week while the Pipers were falling to Childress, 20-6, the Bulldogs were being edged out by Rotan, 21-20.

Coach Deane Wright told those attending the Booster Club Meeting Monday evening

that he was very proud of the efforts put forth by the Pipers against Childress and though they lost they are showing a great deal of improvement each week against strong opposition.

Although they suffered a few bruises in their battle with Childress, the Pipers are expected to be in good shape for Friday night.

Coahoma will be carrying a 1-2 record into the contest here but are expected to be much stronger than this record indicates as they hold a win over highly ranked Class AAA Colorado City. Their losses are to a strong Rotan team by one point and state ranked Class A powerhouse, Sonora.

Operating from the Denver City T, Coahoma has two strong backs in their 185-pound fullback, Donnie Buchanan, and their 160-pound halfback, Dusty Choate. Their young quarterback, Sophomore Roland Beal, is a good ball handler and a fair runner. At the other halfback slot will be 160-pound Lynn Ashley.

In the line the Bulldogs will probably start Ricky Stone, 165-pounds, and Jeff Mitchell, 180-pounds at ends; Alan Matthews, 200 pounds, and Don Richters, 175-pounds, at tackles; Kenneth Furlong, 170-pound, and Terry Meeks, 180-pounds, at guards; and David Brady, 170-pounds, at center.

Brady and Richters are rated by scout Travis Sura as being the best in the line. They are also rated as the defensive standouts by Coach Sura.

In other action this week the Piper freshmen will take on the Rochester varsity tonight (Thursday) in a game to be played there starting at 8 p.m. Tuesday the seventh and eighth graders will host Anson here with the seventh grade starting at 5:30 and the eighth grade starting at 7:30.

Hamlin Native Attends World's Fair In Japan

Tommy Perkins of Dallas, a Hamlin native and a graduate of Hamlin High School, was in Japan earlier this month on a business trip and attended the World's Fair.

Perkins, an employee of Gibson's in the Seagoville office, accompanied nine other Gibson salesmen on the trip. His parents are Mr. and Mrs. H. A. Perkins, 112 North-east Avenue B.

Drugs and Minors Subject for P-TA Program Today

"Laws --Drugs and Minors" will be the topic for the 4 p.m. meeting of Hamlin Parent-Teachers Association today (Thursday). Guest speaker will be Dwayne Jernigan, Patrol Sergeant of the Snyder Police Department.

Sgt. Jernigan will speak on drug abuse and how parents can recognize "signs" or "usage" of drugs. He will show two films, "Bennies and Goofballs" and "A Trip Back."

Assisting the Sergeant will be Patrolman Art Sumrall, also of Snyder.

The entertainment will be presented by the fourth grade.

The program theme for the 1970-71 year is "A Forum For Influence." The program committee with Mrs. R. L. Goodgame as chairman includes Mmes. Fred Smith, Robert Wilson, and Robert Fowler. Arrangements for the guest speakers were made by this committee. They urge all interested parents to attend.

Mrs. Ray Edmiston, president, will preside.

The opening prayer will be given by Rev. Bob Miller, pastor of First Assembly of God Church. Mrs. Herbert Lakey will give the thought for the month.

Tickets Available For Supper Before Jacksboro Game

Hamlin fans who plan to attend the Jacksboro football game, Saturday, Oct. 10, have been invited to eat supper before the game in the Jacksboro High School Cafeteria located near the football field, between 5 and 7 p.m.

Tickets for the meal are available here in the high school principal's office and are \$1.50 for adults and \$1.00 for children under 12. Tickets must be purchased by Thursday, Oct. 8.

General admission tickets for the Jacksboro homecoming game are also available in the principal's office

Volunteers Needed--

New Catalog System Planned for Library

A completely new catalog system will be initiated at Hamlin Memorial Library next week when Miss Lola Rivers Thompson of Stephenville will be here for four days to direct volunteer workers in the project.

Plans were made at the Monday evening meeting of the Woman's Forum, governing body for the library.

Mrs. Floyd Clifton, president, presided during the quarterly business session.

Each club was asked to furnish volunteers to help in writing information slips and typing cards. Club presidents are to give the names of persons who can help to Mrs. Melvin Scott, recording secretary.

Miss Thompson will be here Tuesday afternoon through Friday.

A retired librarian, she is donating her time in assist-

ing with the local project.

All volunteers who can help with the cataloging are asked to call Mrs. Scott, who will be working out the schedule for workers.

All member clubs of the Woman's Forum were represented at the meeting.

Represented were the Xi Gamma Pi and Beta Theta Chapters of Beta Sigma Phi, the Garden Club, Woman's Literary Club, Business and Professional Women's Club, Jaycee-ettes, and individual members.

During the report of committees Mrs. V. E. Holt, librarian and chairman of the library committee, pointed out that the committee would appreciate suggestions on book selections.

Mrs. Holt also reported on a meeting held in Snyder recently which she and Mrs. Floyd Hallmark attended.

Emphasis was placed on cooperation among libraries, both within a city and between cities.

In making the library report Mrs. Holt noted that the use of the library had doubled since last report. Of the 825 books checked out, there were 295 juvenile and 530 adult. Sixteen were enrolled in the summer reading program, she said.

The Forum voted to have a book display booth at the Jaycee Carnival Oct. 12, 13, and 14 at the Jaycee Building. Mrs. Kenneth Riddle was named chairman.

Attending were Mmes. Clifton Holt, Hallmark, Riddle, Scott, Young Bill Maddox, Harvey Lawlis, A. A. Hackley, Donald Young, Earl Brown, A. J. Winegeart, E. D. Perrin, Mack Sellers, Bob Craig, B. W. McKissack and Miss Lennie Greenway.

MRS. BLAINE ELLIOTT BENNETT
... formerly Reta Grace Oliver

Oliver-Bennett Vows Exchanged

Reta Grace Oliver and Blaine Elliott Bennett were married Saturday evening in the First Baptist Church of Stamford. Rev. Jack Southerland, pastor, read the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Burt Oliver of Hamlin. Mr. and Mrs. Homer D. Bennett of Stamford are parents of the bridegroom.

Mrs. James Self of Stamford was organist and Terri Gregory was soloist.

Jill Maberry was maid of honor and Judy Adair, bridesmaid. Sharla Turner of Noodle, cousin of the bride, was junior bridesmaid.

Cousins of the bride, Loutanna Seifres and Joe Dan Seifres, both of Hamlin, were flower girl and ring bearer, respectively.

Candlelighters were Brit Bishop of Hamlin and Guy Turner of Noodle, both cousins of the bride.

Rick Morris of Stamford was best man. Groomsman was James Bunkley, also of Stamford.

Ushers were Tom Oliver of Austin, brother of the bride, Steve Rogers, Russ Rogers,

Ruth Sunday School Class Meets In Haight Home

Meeting in the home of Mrs. M. L. Haight, Ruth Sunday School Class of North Central Baptist Church voted to begin now to collect donations for the Lottie Moon Christmas offering. The group decided to discontinue having the grab box during this time and concentrate on the Christmas offering.

Mrs. Newell King gave the opening prayer.

Mrs. Jackie Embrey, outgoing teacher, was honored with the September gifts in appreciation for her service to the class.

Mrs. Eddie B. Hopper gave the devotional on Psalms 100. Mrs. Floyd Wallace conducted the Bible Quiz. Mrs. Opal Goodgame voiced the closing prayer.

Danny Bolin and Zed Bennett, cousin of the bridegroom, all of Stamford.

Presented in marriage by her father, the bride chose a traditional pearl and jewel encrusted gown of pure silk organza and lace over peau de soie. The bodice featured a neckline of scalloped lace, lantern sleeves with wide cuffs and a detachable chapel train. A pearl beaded camelot cap held her veil of illusion. She carried a cascade of white orchids surrounded by white sweetheart roses. For something old, she carried a lace handkerchief that was her grandmother's, the late Mrs. T. P. Turner.

Attendants and the flower girl wore moss green crepe gowns with long puffed sleeves trimmed with daisies. They wore yellow garden hats and carried nosegays of white and yellow daisies.

Mr. and Mrs. Oliver hosted the reception in Fellowship Hall. The entrance was marked with two palm trees and guests walked through an arch covered with jade and yellow gladioli.

The bride's table was covered with a white satin cloth trimmed with silk pleated tulle and lace. The bride's tiered cake, the bride's bouquet and the junior bridesmaid's baskets of flowers adorned the table.

The groom's chocolate cake, a silver coffee service and the ring bearer's pillow were on a hexagon shaped table that was covered with yellow satin accented with moss green appliques.

The bridegroom's sister, Joann Bennett of Stamford and Jimmie Lou Bishop of Hamlin, cousin of the bride, registered guests.

The bride, a graduate of Hamlin High School, attended Angelo State University. Bennett graduated from Stamford High School and attended ASU.

Following a wedding trip to Dallas the couple is residing on Route 3, Stamford, where he is engaged in farming.

The rehearsal dinner was hosted by the bridegroom's parents at Cliff House.

Policyholder Questions Answered by the Health Insurance Institute, 277 Park Ave., N. Y., N. Y., 10017

Q. Such great strides are being made in heart transplants! An operation like that must cost a lot of money. I've been curiously about how the recipients pay for their new hearts. Is there any kind of health insurance policy to cover this kind of surgery?

A. You're right — heart transplants are very costly. It's not uncommon for hospital bills alone to be \$20,000 per case. One medical estimator has estimated that the total cost for such an operation is about \$50,000 — although no surgical charges have been made yet for this kind of operation, since it is still an experimental type of surgery. Hospital bills, though, have been paid by some insurance companies for heart transplants.

Many kinds of transplants are covered by insurance today — including kidney, liver, and pancreas transplants. There is, however, no specific heart transplant insurance coverage yet. As these operations become more common and are considered "normal surgery" they will be included in insurance coverage.

Major medical expense insurance, with its high benefit limits has been very helpful in paying for the established transplant procedures, and the trend will almost certainly be to raise the maximum amount on major medical expense plans to cover surgical innovations. An estimated 69 million people today have this type of insurance — and maximum policy benefits now

are commonly about \$10,000, although some go as high as \$30,000, \$40,000, and in a few instances even to \$100,000.

A policy with no top ceiling of benefits may catch on in time, too. Although the premiums will be higher, surgical innovations will then be within the grasp of far more people than today.

1971. Buick introduces a new set of values.

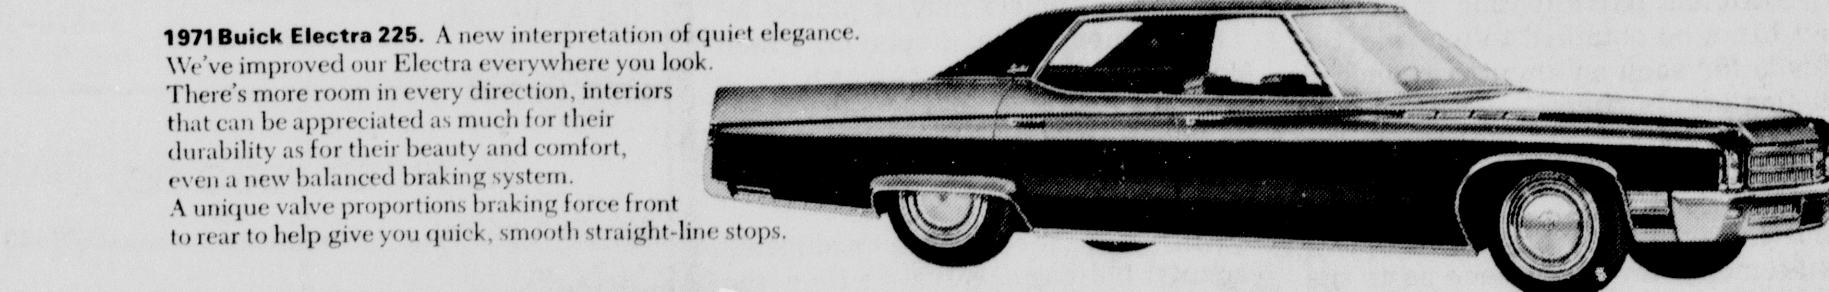

Value, not gimmicks or ornamentation, sells cars. More people have been coming to Buick each year for just that reason. Buick concentrates on value. And this year, Buick introduces a new set of values. Features that will help make your new Buick perform better,

last longer and get you more of a return on your investment at trade-in time. Only a Buick dealer can offer you our new set of values. So, test your values against our new ones. Then ask yourself this simple question. Wouldn't you really rather have a Buick?

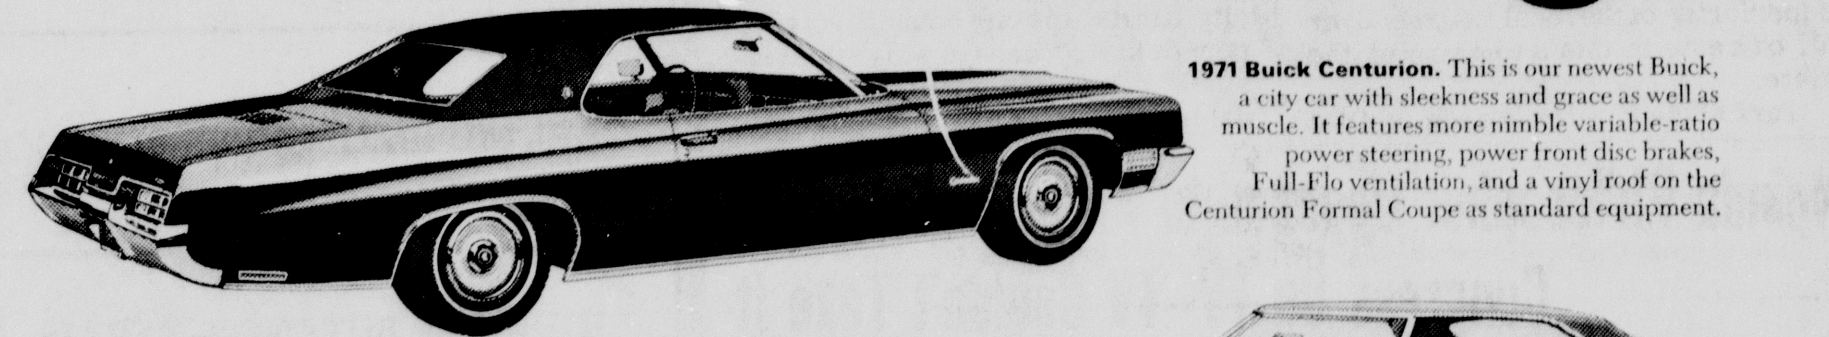

Something to believe in.

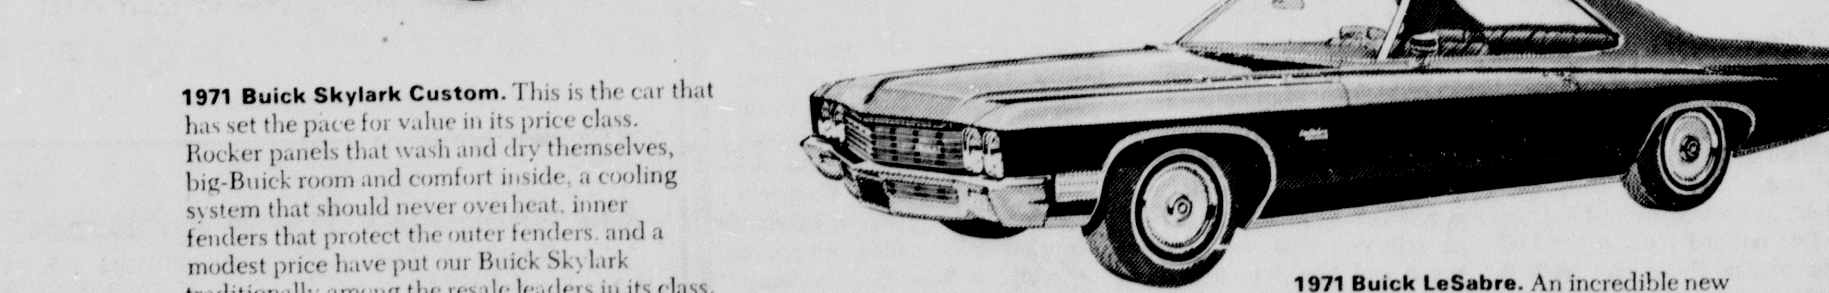

1971 Buick Riviera. A totally new design concept. And that's not all. Riviera offers MaxTrac, an exclusive power control system you can order with its own on-board computer. It helps you get securely over slick surfaces by reducing rear-wheel slipping. The new body features side-guard beams for protection, a bigger trunk, and a driver cockpit with a control center designed around the driver for new ease and convenience.

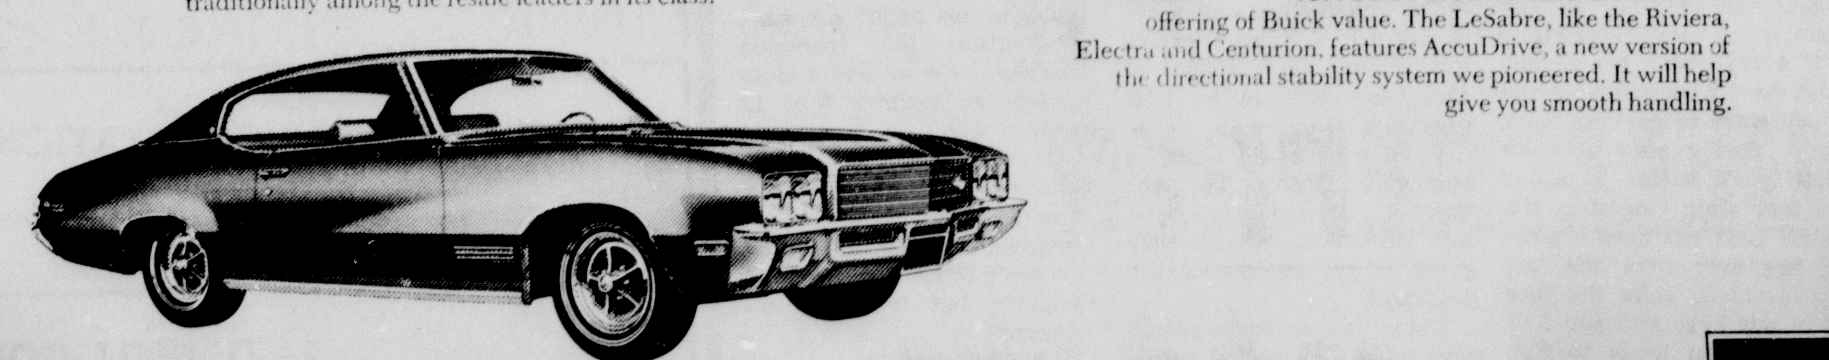

1971 Buick Electra 225. A new interpretation of quiet elegance. We've improved our Electra everywhere you look. There's more room in every direction, interiors that can be appreciated as much for their durability as for their beauty and comfort, even a new balanced braking system. A unique valve proportions braking force front to rear to help give you quick, smooth straight-line stops.

1971 Buick Centurion. This is our newest Buick, a city car with sleekness and grace as well as muscle. It features more nimble variable-ratio power steering, power front disc brakes, Full-Flo ventilation, and a vinyl roof on the Centurion Formal Coupe as standard equipment.

1971 Buick Skylark Custom. This is the car that has set the pace for value in its price class. Rocker panels that wash and dry themselves, big-Buick room and comfort inside, a cooling system that should never overheat, inner fenders that protect the outer fenders, and a modest price have put our Buick Skylark traditionally among the resale leaders in its class.

1971 Buick LeSabre. An incredible new offering of Buick value. The LeSabre, like the Riviera, Electra and Centurion, features AccuDrive, a new version of the directional stability system we pioneered. It will help give you smooth handling.

Stays Fresh Longer!

An Important Improvement. Every new Buick engine is now designed to run smoothly and efficiently, and with lower exhaust emissions, on no-lead and low-lead gasolines. And every Buick V-8 engine will have exclusive nickel-plated exhaust valves for smoother operation and longer valve life, and a new time-modulated choke to help give quicker warm-up and a more consistent fuel mixture.

A tent show never fails to attract attention. And this week the Lamkin Players have held the attention. Lamkin is a new show in this part of the world and from the way crowds have attended the plays it must be proving a hit. Thursday night fifty free prizes were given away as a co-operative drawing card event for a crowd. These prizes consisted of every kind of merchandise and the one of greatest value was a wrist watch.

Four students from Hamlin have registered for the opening of the fall term of Baylor College for women. They are Miss May Gay, daughter of J. W. Gay; Miss Lillian Gray, daughter of George W. Gray; Miss Fannie Pearl Magee, daughter of Dr. L. S. Magee and Miss Will-
esther Schubel.

The eighty-first session of Baylor College, which opens September 29, will see additions made in the college and fine arts faculties, several new courses offered and a largely increased student body, according to President J. C. Hardy.

It so happens every once and a while that community news is scarce. That is true this week. One of the best things we can say is that everybody has been busy to the limit. The first of October came on Thursday, and that date always means extra business. This time of the year there is but little coming and going, so that personal mentions are scarce. So with these facts in mind our readers will not think that the reporter force of the Herald has been sleeping on the job. But say folks, will you please phone us or tell us any news items that you think would be appropriate to go into the Herald.

Members of the Lakeview Golf Club are to be called in session Monday night at 7:30 at the City Hall.

Purpose of the meetings is to dispose of many matters pending in the affairs of the club and discuss the possibilities of building grass greens as a replacement for the sand now being used.

President Chuck Abbott has assembled information incidental to the construction of grass greens and installation of an irrigating system that requires the study of the club membership.

At the same time disposition of the funds which are held in escrow from the ill-fated country club drive will be discussed and disposition will be made.

Sufficient participating members could not be obtained to provide the funds for such an ambitious undertaking at this time.

Local golfers and visitors to the club are enthusiastic about the improved condition of the fairways at the Lakeview course and frequent statements have been made as to the superiority of the local course over all others in this section of the state.

Turf at the Hamlin course is free

from rocks and the natural grass on the fairways is admirably suited to the game. Longtime members of the club state that the turf is in better condition this year than at any time in its history.

Hamlin Rotary Club met Wednesday for their regular noon luncheon and saw a Santa Fe movie entitled, "The Grand Canyon."

Jere Lynn Irwin was pianist at the meeting and Donald Johnson was introduced as Junior Rotarian for the month of October.

There were six visitors from Abilene, two from Stamford and James Freeman of Stamford was a guest of Pat Marlowe.

Three students from Hamlin have enrolled for the 1950 fall semester at Abilene Christian College.

They are: Seth Adams, Jr., son of Mr. and Mrs. Seth Adams of Rt. 1; Janet Bonner, daughter of Mr. and Mrs. Harold Bonner; and Peggy Terrell, daughter of Mr. and Mrs. Elmer J. Terrell.

All three are sophomore students at the college.

C. F. Cook, Superintendent of Hamlin School, has released his welcome to former students to the annual homecoming football game and activities that follow.

"As Superintendent of the Hamlin Public Schools, I am pleased to welcome you back to Hamlin on this fine occasion. It has thrilled me very much during the past few years to meet and see new and old friends.

"The School Administration and Faculty hope you have an enjoyable visit with your old classmates and friends. If we can do anything to make your stay more enjoyable, please call on us.

"It is our most earnest desire to have another good homecoming."

The Hamlin Jaycees, in what is hoped to be an annual affair, will hold a big four day carnival at the Pied Piper Stadium parking lot starting Wednesday, October 5.

The show will be operated by local members with arrangements made for the rides. Many Jaycee Chapters over the state have conducted this same type carnival with very favorable success.

There will be seven rides which include ponies, ferris wheel, octopus, airplanes, cars, merry-go-round and fun house. There will also be ten fun booths operated by Jaycees.

The Hamlin High School Seniors will run the concession stands.

As an added feature, Hamlin merchants will be giving free tickets for prizes to be given each night of the carnival. Tickets may be picked up from merchants displaying green Jaycee Treasure Chest signs in their windows.

Proceeds of the show will be used by the club in their various club civic projects.

Although there is a city ordinance against holding carnivals within the city limits, the city council voted to permit the Jaycees to stage this one since they were running it themselves.

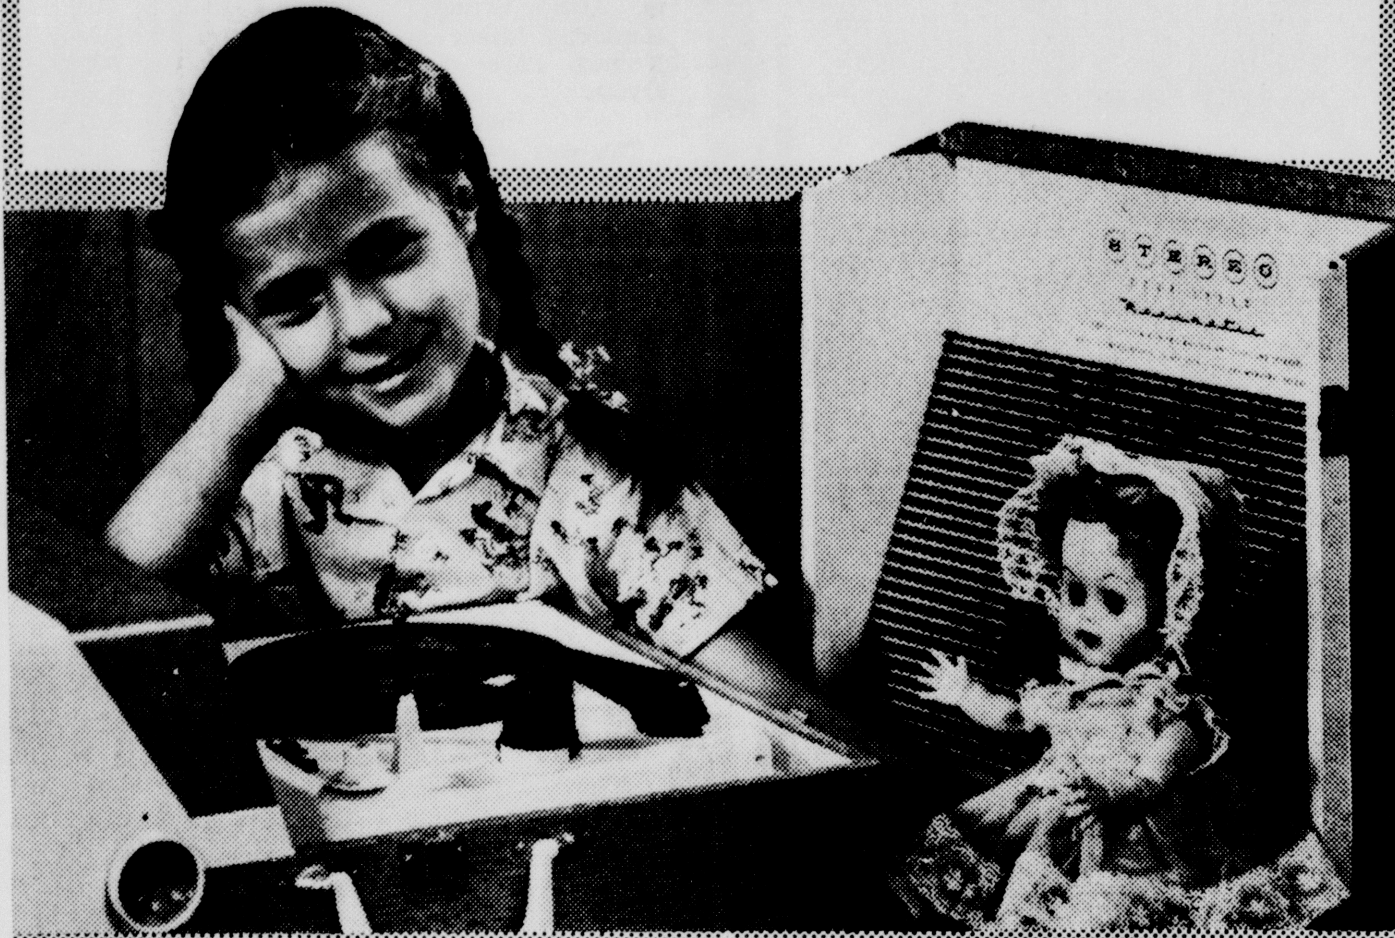

Music Appreciation

I am not a musician, but as I write this I think back and realize how my taste in music has changed. Early in life, it took only the simplest childhood jingles to please me, then in school I was trained and taught to appreciate more intricate music. All through life I feel that my knowledge of . . . and appreciation for music has grown and matured.

Through study and help from others, I have also grown as a Christian and have a better appreciation of my Lord.

My knowledge of, and love for God increases with each church worship service . . .

This way of life and worship, I would recommend to anyone. Won't you try it . . .

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

First Half Too Long As Pipers Fall to Childress

The first half was 42 seconds too long for the Pied Pipers Friday night as Childress pulled out in front on a 47-yard TD pass just before the half ended and then built this to a 20-6 victor over the Pipers.

The Pipers played outstanding football during the first half as they controlled the ball almost the entire second period and scored with only 42 seconds left on the clock. But it was this 42 seconds that made it all for naught as Childress Quarterback Kevin Wood threw a ball into the wind that traveled over 50 yards in the air to his split end Delbert Session. There were three Pipers there to defend against the pass but the near perfect ball floated into the outstretched arms of Session.

Wood split the uprights with his second point after try after the first one was nullified by a Childress penalty and the Bobcats went into the dressing room with a one-point lead.

The Pipers had scored on a one-yard plunge by Fullback Barry McDonald to complete a 55 yard scoring drive. The all important point after try failed.

The fired up Bobcats took the second half kickoff and drove 64 yards in 11 plays to build their lead to seven points.

No longer able to play ball control, the Pipers were forced to try for the big gainers and were unable to put a drive together during the second half.

Childress scored again in the final period on a 71-yard drive that took nine plays with running back Dickie Nations scoring from five yards out. Wood converted the one pointer and the Bobcats owned a 14-point lead.

Controlling the ball during the first half the Pipers ran 45 plays to the Bobcat's 19. A pass interception inside the

Bobcat 20 killed the first Piper drive as they had moved the ball from their own 21 to the Childress 19 before giving up the ball.

Jackie Warner recovered a Bobcat fumble to start the Pipers off on their scoring drive at the Hamlin 45.

McDonald opened the drive with a two-yard plunge and then Teichelman connected with Sellers for nine yards and a first down. McDonald carried for three, Sellers two and after an incomplete pass Sellers gained the necessary five yards for the first down on the Bobcat 34. Another pass was incomplete, Sellers picked up four yards, and McDonald picked up four yards twice with a first down on the 22. Teichelman rolled out for gains of 10 and eight yards to put the Pipers on the Bobcat four. It took McDonald three tries to make it across as he gained a first down at the one and scored on the next play.

McDonald was the top ground gainer for the Pipers with 66 yards in 24 carries. Sellers had 44 yards in 15 carries.

Visiting in the home of Mr. and Mrs. G. M. Bond Sunday were Mrs. Ora Mae Goforth of Garland, Mr. and Mrs. Raul Solis of Arlington, Mr. and Mrs. Troy Gruben, Mike, Vickie, and Lisa of Royston, Mr. and Mrs. Jack Bond, Sam and Billy and Mr. and Mrs. Odell Hayes, all of Hamlin.

A special rocking chair (that was more than 40 years old) was brought in and he paused long enough to sit down and scan a new book "40 is.?" The cake was inscribed with Extra! Extra! Our Boss is 40 Today! Happy Birthday, Bob!

Farmers Home Plans Gains In Rural Housing Activity

A record year of homebuilding and home improvement through credit services of the Farmers Home Administration is in prospect for rural Jones and Shackelford Counties, William T. Grussendorf said today as he reported on activities for the past year.

Mr. Grussendorf said \$171,450 was channeled into the counties through twenty-eight loans for purchase or improvement of individual family homes for better town and country housing during the fiscal year ended June 30.

The Farmers Home Administration, a Department of Agriculture agency, supplements other housing credit available in rural towns of up to 5,500 population, as well as in the rural countryside.

Mr. Grussendorf said the year begun July 1 appears certain to set a record in the rural housing program. The agency is geared to virtually double its housing services, with \$1.4 billion in authority nationally to insure home loans for families of low and moderate income.

"Key to the program's rapid growth is a new position of equality for rural America in the nation's housing goal," Mr. Grussendorf said. "Rural areas have half of the nation's bad housing,

and they now have half of the nation's housing goal for the 1970's.

"We expect the sharp up-trend in rural housing to continue. In the Farmers Home Administration, we fully expect to do our part in bringing rural housing up to modern standards for every family."

Mr. Grussendorf said progress in rural housing has been speeded up through new authorizations put into effect by Farmers Home earlier this year. "We now make loans to rural homesite development organizations and we work with rural builders to assure that homes they build on a multiple basis will meet quality standards for Farmers Home loan insurance."

Local Students Begin Work On Fire Prevention Week

Fire Prevention is being stressed in the Hamlin Schools as students are getting ready for Fire Prevention Week, Oct. 4-10.

Materials have been distributed to students in the primary grades by the Hamlin Volunteer Fire Department. The materials, including a magazine, a membership card, a fire pail label and a helmet, were furnished by

AUSTIN — A fight is brewing over the proposed constitutional amendment to set the maximum limits on tax assessments of farm, ranch and timber land.

An amendment (3) on the November 3 ballot would authorize the Legislature to provide a uniform method of assessment for lands, based on their capability to support livestock raising or farm and forest crop production.

A 15-member special committee headed by State Sen. Wayne Connolly of Floresville has completed the last of 11 hearings over the state on this measure. Its tentative report summarizing testimony favoring the amendment will be presented before November 3. Committee's recommendations to the Legislature will be delayed until next year.

"Agriculturists are saying they can no longer operate if taxes continue to increase as they have in recent years," Connolly told newsmen. "When land on one side of a barbed wire fence is assessed at \$1,000 an acre, and the same land on the other side of the fence at \$150 an acre, somebody is going to cry."

An earlier amendment (1966) which had the same general purpose is "unworkable," say proponents of Amendment No. 3. Present provisions apply only to individual land owners, exclude timberlands and owners who earn less than half their income from their farm property.

Texas State Teachers Association is opposing the new amendment on grounds that it "could virtually destroy the tax base of many school districts" and open the door to favors for other groups.

Connolly maintains the proposal would not result in major revenue loss statewide and that the Legislature would have to appropriate supplemental funds to districts suffering income decline.

REFUNDS ORDERED — Texas Insurance Board has directed insurance firms to refund premiums collected from local governments for unnecessary property damage coverage.

Legislature last year made official agencies liable for death or injuries caused by employees in negligent use of vehicles and other motor-driven equipment. Thereafter, they began buying insurance policies to protect them.

Board order referred to statements by Sen. Oscar Mauzy of Dallas that 86 school districts and 16 counties had to pay nearly \$60,000 in premiums for property damage insurance they did not need in order to get needed liability policies. Requirement by companies, Board said, is a violation of insurance rating laws. Governmental units must make a specific request for refunds.

CITY SALES TAX UP — Local option sales taxes in 420 cities brought municipal governments more than \$35 million for the second quarter of this year.

That is an increase from \$30.9 million the first quarter.

Tax is calculated and refunded to cities by Comptroller Robert S. Calvert on a quarterly basis.

Biggest yield was to Houston, which received \$7.2 million for the second quarter. Dallas received \$5.6 million, San Antonio \$2.2 million, Fort Worth \$1.9 million, Austin \$1 million, El Paso \$1.1 million, Corpus Christi \$787,565, Lubbock \$663,752, Amarillo \$558,284 and Beaumont \$555,288.

MEXICANS BUY TEXAS STOCK — Mexico groups have purchased about \$112,000 worth of cattle and 1,200

Hartford Insurance Group through the local agent, Turner Insurance Agency.

The teachers are assisting the students in preparing a fire pail from an empty coffee can filled with Baking Soda. The plastic lid is put on the can and the label with instructions for extinguishing various types of fires is attached to the can.

Older students are making Fire Prevention posters.

Oct. 8, children in the first two grades will be taken on a ride on the fire truck.

TRADE ZONE APPROVED — Gov. Preston Smith endorsed a federally-funded free trade zone application for McAllen.

Smith said the project would expand the economy of the area, provide more industry and jobs and improve relations with Mexico.

SHORT SNORTS — Banking Department received application for new Fort Neches Mid-County Bank.

Rep. Grant Jones of Abilene heads new Speaker's committee to study insurance company problems. Rep. Jack Ogg of Houston is chairman of a panel studying nursing homes.

Texas' four largest metropolitan statistical areas ac-

counted for 98 per cent of state's growth during the last decade, according to preliminary census data.

Cotton stalk plowup deadline was extended until October 10 in Aransas, Brooks, Duval, Jim Hogg, Jim Wells, Kenedy, Kleberg, Nueces, San Patricio, Webb, Zapata, and parts of Hidalgo and Starr Counties in the pink bollworm control program.

Promoters of liquor-by-the-drink amendment are bearing down on campaign theme that over-bar sales don't increase per capita consumption, while opponents argue exactly opposite in a warming battle of the ballots.

Texas Industrial Commission is sponsoring a trade seminar in Mexico City
